

Five Steps To A \$1000 & 2 Party!

Party Date: _____

Party Time: _____

Shopping link: _____

Thank you for hosting a shopping link party. We will do everything that we can to ensure that you receive the maximum number of gifts possible!

Step 1: Provide me with your 10+ Wish List from the full-line catalog

Let's shoot for the stars and check off the items from your Wish List earning you host gifts, half off items and bonuses! **10+ items=bonus gift!**

Step 2: Invite 30-40 people to have 10 orders

You'll never find a perfect time for everyone, so invite triple as many as you want.

Step 3: Personally invite them

Be excited and personally invite your family and friends to shop! I promise they will fall in love with the Tupperware products they purchase. Don't get discouraged when some decline. Only $\frac{1}{4}$ of those on your list will be interested in shopping. Final date for party orders: _____ **Turn orders in on the original date=bonus gift!**

Step 4: Remind everyone!

1-2 days before your party closes, call the people you invited to shop to remind them orders are due.. Everyone is busy and they probably forgot. We are only servicing 1% of households with Tupperware, so they will want to get some for sure, and a reminder is a great thing. **10 orders=bonus gift!**

Step 5: Have 2 bookings!

Line up 2 of your family and friends who will have a party of their own and I will shower THEM with free products! **2 bookings=bonus gift**
