25. Once the customer pays, the balance due will say \$0.00 and an arrow will appear. Click on the arrow to submit the order.

Before payment it was an envelope or a link

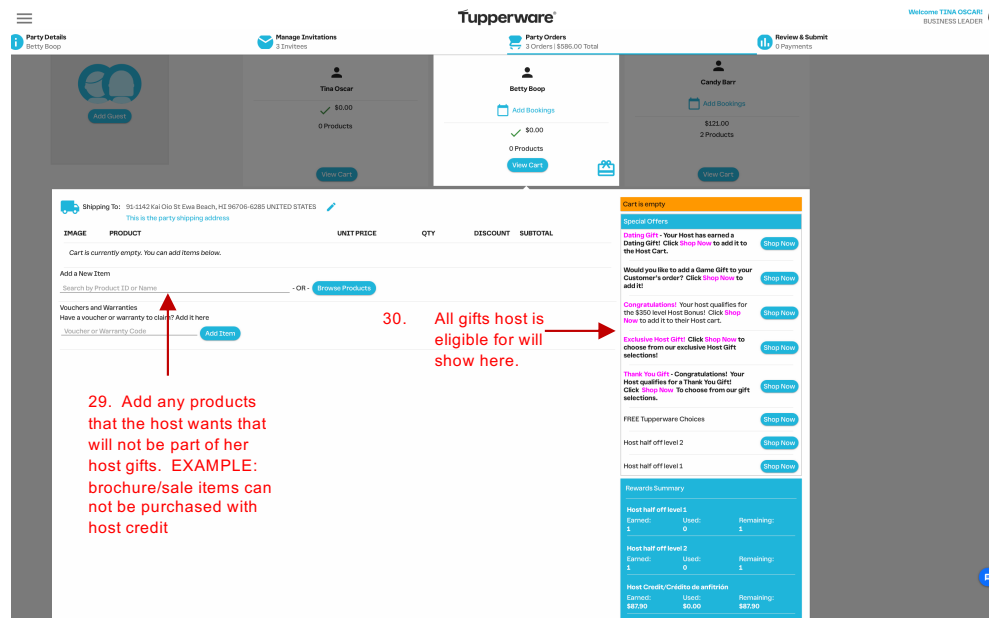

26. When a guest books a party, click on "add booking" and enter info. This will give the host credit, and create the party. Party auto-close in 45 days, so make sure to hold and submit within 45 days

27. Click on party order to verify sales and bookings

28. Click on "view cart" for host to begin placing her personal order and host gifts.

29. Add any products that the host wants that will not be part of her host gifts. EXAMPLE: brochure/sale items can not be purchased with host credit

30. All gifts host is eligible for will show here.

**31.** Click on the "shop now" buttons one at a time to redeem. For dating gift, thank you gift and exclusive host offers, options will be shown.

**32.** For half offs and shopping credit, you will click on shop now and enter the product name or number.

**33.** All host's selections are shown. If there is an overage on the free Tupperware, it will show in the subtotal column. You will also see the cost of the half off's

**34.** This will say \$0.00 if you've used all host credit or gone over. (host pays the difference). In this case there was a small amount leftover, which is fine.

**35.** Click on checkout and send payment link if host is paying by card.

**36.** This party isn't ready to submit because the customers haven't paid using the link. However, if they paid by cash, check, Venmo or other payment form, you may submit by adding consultant payment.

**38.** Once the balance is \$0.00, click "submit"

**37.** This party is ready to submit because there is no guest balance.
